

“I hired Gayle as a personal coach after meeting her at the Center for Creative Leadership in Colorado. Gayle has been a great source of personal fortitude while I confronted interesting and unusual challenges in both my personal and professional career. She has an unusual ability to bring focus to critical issues without a lengthy discovery process. Her guidance and support was invaluable in helping me to decide to accept the risks related to branching out and starting my own business. I will hire Gayle again if/when the need arises!” January 31, 2010

“Gayle Magee is a truly exceptional and effective professional. She immediately and accurately understood the leadership issues in my organizations and quickly came up with alternatives to deal with these issues - while optimizing my personal career situation as well. She considerately took me through the awareness and trial steps to understand these changes. Gayle then followed-up to insure that positive actions were taken to get the needed buy-in and to successfully make the required changes. Results? Extraordinarily positive and in fact they were life changing! I still marvel at the magnitude of what she quietly helped make happen, and the fact that it all happened so quickly. And, she did it in a way that allowed all involved to feel that they had ownership of the outcome. She is simply the best at what she does. Gayle has my highest recommendation without qualification.” January 27, 2010

Worked with Gayle at Global Reach -- Coaching and Leadership Development Worldwide

“I have worked with Gayle on several projects in the past 17 years. She has coached executive teams as well as functional teams and individuals within the teams. In all cases, we have had positive outcomes including several promotions, enhanced productivity and communication and overall teamwork. She is smart, articulate and "gets it". Works with complex environments and a variety of challenges. I trust Gayle's judgement and professional opinion. I highly recommend Gayle as a business consultant and coach.” January 27, 2010
